

Twins Bluetooth Speakers

Please read and retain this instruction manual for future use.

- INCLUDES:**
- 2X Twins Bluetooth Speakers
  - 1X User Manual
  - 1X USB Charging Cable
  - 1X AUX 3.5mm Audio Cable

**HIGHLIGHTS:**

The Volkano Twins Bluetooth speakers can be wirelessly connected to Bluetooth devices such as smartphones, tablets and computers. Thanks to the powerful battery and passive radiators, the system delivers full stereo sound and X-bass effects. Easy to pair with most devices and a battery life of up to 6 hours.

**BLUETOOTH CONNECTION:**

Turn the speakers on by pressing both power buttons at the same time, for a few seconds. When the blue LED flashes quickly, the speakers have entered Bluetooth Pairing mode.

- CONNECTING THE SPEAKERS TO A DEVICE:**
1. Activate your device's Bluetooth.
  2. Go to the device's settings, and scan for new Bluetooth devices.
  3. Once the Twins Speakers have been discovered, click on the device from the list and select PAIR.
  4. Should your device ask for a pairing code, enter "0000" and confirm.
  5. On a successful pairing, the speaker will make a pairing tone, and the LED lights will flash blue.

**NOTE:** Pairing time varies from device to device. Your Twins speakers will only need to be paired once and will automatically connect thereafter. The speakers remember the last 8 devices it was connected to.

- USING THE CALL FUNCTION:**
- The speakers will issue a voice prompt for incoming calls. Short press either of the single buttons on the speakers to answer the call and again to end the call. To reject a call, two short presses on either of the speakers will reject the call or dial back.

**CONNECTING VIA AUX CABLE:**

Simply connect the speakers with your non-Bluetooth device using the 3.5mm audio cable supplied. The LEDs will flash green and blue, indicating that your device is connected.

**CHARGING & COMPUTER CONNECTION:**

Connect the micro USB charging cable to a computer or USB charger. The LED light will flash red, indicating charging. The Indicator light will turn off after the device is fully charged (5-6) hours.

**SPECIFICATIONS:**

**Speaker Interfaces:**  
Audio input connector: 3.5mm  
AUX cable: Supports external AUX audio input  
Charging interface: Micro USB cable – 5V Input

**Dimensions and Basic Information:**  
62mm (L) x 86mm (H) x 62mm (W) x 2  
Material: ABS and Metal  
Weight: 250G x 2  
Working temperature: 0-40° C  
Humidity: 0% - 85%RH

**Ideal storage conditions:**  
Temperature: 10 - 30° C  
Humidity: 0% - 90% RH

**ELECTRICAL SPECIFICATIONS:**  
Bluetooth compatibility: Compatible with Bluetooth 3.0 Class II and supports A2DP V1.2, AVRCP V1.4 profiles.  
Transmission distance: Up to 10m  
Sound track: Dual track  
Maximum output: 3W x 2  
Signal to noise ratio S/N: >80dB  
Frequency range: 180Hz - 20KHz  
Distortion THD: <1%  
Speaker unit: Outer diameter 52mm, inner magnet 4 Ohm 3W

**POWER RATING:**  
Rated voltage: 3.7V DC  
Battery: Built-in lithium battery 3.7V / 800mA  
Charging time: 2.5 - 6 hours

**Function:** Answer a call:  
**Operation:** During an incoming call, short press either of the single buttons to answer, short press again to hang up and resume playing music.

**End or Reject a call:** Short Press twice, either of the single buttons to end or reject a call.

**Power ON / OFF:** Long press the two power buttons at the same time.

**Magnet Function** The speakers are magnetic and will stick to metal or each other.

**NOTE:**

1. Plugging in the 3.5mm audio plug will change the speaker mode to line in automatically.
2. Turn the speaker off when not in use to preserve battery.

**LED STATUS:**

1. Bluetooth status: Rapid blue flashing indicates Pairing, slow flashing indicates Paired.
2. Line in mode: Green light
3. Charging Status: Red light
4. Charging complete: Red light turns off.

**TROUBLE SHOOTING:**

1. My mobile phone can't find any new Bluetooth devices?  
A. Ensure the Twins Speaker has entered the pairing mode.  
B. Ensure the Twins Speaker is within effective working range.
2. Bluetooth device can't pair up?  
A. Ensure your mobile phone allows new

connections and has not reached the maximum number of allowed devices.

- B. Ensure the pairing password has been entered correctly "0000". If you are using a bluetooth transmitter device, ensure the password is set to 0000.
3. The Twins Speakers does not play music or answer calls when it is connected to a Bluetooth mobile phone.  
A. Ensure your mobile phone supports A2DP and HSF (hands-free) profiles.  
B. Ensure your mobile phone is within effective working range.
4. When paired with my computer, windows asks for a new driver. Can you supply this?  
A. We do not supply drivers for this device. The Bluetooth A2DP/HSF drivers may be required to play stereo sound via Bluetooth, but the driver is actually required for the Bluetooth module of your computer, not the speaker.

We recommend you find compatible drivers for your computer online.

5. Why can I not remotely control the pause, play, previous and next functions when music is playing?  
A. When you are using 3.5mm AUX connection, you can't pause, change volume or skip tracks.  
B. This feature needs the Bluetooth device paired with the speaker to support AVRCP (Audio/Video Remote Control Profile). Please ensure your device supports this.

**SAFETY NOTICES:**

Please read the following recommendations before using the Bluetooth speakers.

- A) Keep the unit dry and do not expose to damp or moisture.
- B) Do not expose the unit to direct sunlight or heat.
- C) Do not expose the unit to extreme cold.

- D) Do not disassemble the product.
- E) Do not drop, jostle, bump or knock the product.
- F) Do not use harsh cleaning products to clean the product. Clean using a dry, soft cloth.
- G) Do not scratch the product with sharp objects.
